Dear Sirs,

Ref. our engagements with yourselves (in 2012 and also most recently this spring) with relation to Ukrainian filings with Anti-Monopoly Committee, we are writing this Letter to thank you for your outstanding service rendered to us while working on the two transactions that required highest degree of professionalism, commitment and timely execution.

We have appreciated your acceptance of Yara International Standard Terms and Conditions while engaging with lawyers globally.

We have also been reasonably happy with the costs, including your flexibility when it comes to charges for your services (tailor-made lump sum solution or clearly defined rates and engagement of your lawyers).

We highly appreciate your ability to act and respond to our needs in a manner that left us with confidence to continue cooperation with you also in the future.
