To whom it may concern:

We are pleased to recommend the services of Frishberg & Partners, who have assisted us since 2007 with setting up our Ukrainian operations, importing the farming equipment, purchasing land plots and dealing with various labor law issues. The experience of their lawyers in Ukrainian legal matters is unsurpassed, and we very happy with the quality of their services, pro-active approach and timely assistance. In particular, we found Alex Frishberg's knowledge of the local economic realities and political situation to be very useful in navigation of our business.

We wholeheartedly recommend the services of Frishberg & Partners and their legal team in Ukraine, without any reservations. In our experience, they are the best law firm that any foreign investor can retain.
